GEOGRAPHY CURRICULUM PROVISION YEARS 1 - 6: DELIVERY OF THE NATIONAL CURRICULUM

KEY STAGE 1

Year	Term	Unit	Locational Knowledge	Place Knowledge	Physical Geography	Human Geography	Geographical Skills	Fieldwork
1	1	***Where do I live?***	Countries in the UK Local area	Small area of the UK (School Grounds and surrounding area)	Key physical features of local area	Key human features of local area	See MTP for coverage	School grounds
1	3	***Pittville Park***	Countries in the UK Local area	Small area of the UK (Local Area)	Key physical features of local area	Key human features of local area	See MTP for coverage	Pittville Park
1	3	***At the seaside***	Countries in the UK Oceans	Small area of the UK – coastal area	Key physical features of the coast	Key human features of the seaside including associated vocabulary	See MTP for coverage	Trip to the seaside
2	2	***India***	Continents and Oceans Countries/capitals of UK countries India	Similarities and differences between India and UK	Weather and Seasons Hot and cold areas of the world Physical features of India	Equator Cities and landmarks in India Human features of India and Mumbai	See MTP for coverage	
2	3	***Climate Change***	Continents and Oceans	UK Countries particularly affected by climate change	Weather and climate Physical effects of climate change	Human impact Human effects of climate change	See MTP for coverage	

LOWER KEY STAGE 2

3	1	***Food and Fair trade***	Continents and Oceans Equator, hemispheres, tropics Countries linked to specific foods	Food producing countries e.g. Costa Rica UK	Climate zones and vegetation belts	Land use, distribution of resources and economic activity including trade links	See MTP for coverage	
3	3	***Cheltenham in the Cotswolds***	Counties in the UK Local area	Human and physical geography of Cheltenham and the Cotswolds	Key physical features of the wider local area	Key human features of the wider local area	See MTP for coverage	Local area
4	1	***Road to Rio***	South America Brazil Rio De Janeiro	Human and physical geography of Brazil	Climate Zones Rainforests	Tourism in Rio de Janeiro Human impact, types of settlement, land use and distribution of natural resources	See MTP for coverage	
4	2	***Biomes***	Arctic Circle and Antarctica Equator, hemispheres and tropics Latitude and longitude	Arctic Circle and Antarctica	Climate zones, vegetation belts and biomes	Human impact including climate change Types of settlement and land use	See MTP for coverage	

UPPER KEY STAGE 2

5	1	*Journey from North America to South America*	North America South America Lines of latitude and longitude Time zones	Human and physical geography of North and South America	Volcanoes and earthquakes Mountains Tectonic plates	Types of settlement and land use Adaptations to live in natural disaster areas	See MTP for coverage	
5	3	*Europe*	Physical and human characteristics of Europe UK Lines of Latitude and longitude	Contrasting region in a European country (Annecy, France)	Rivers, oceans and mountain ranges in Europe	Types of settlement and land use Economic activity Distribution of natural resources	See MTP for coverage	
6	1	***Rivers***	UK Land use patterns and changes over time	Local area	Rivers and the water cycle	The distribution of natural resources Land use, including flood prevention schemes	See MTP for coverage	River Chelt
